## COU 599 – PROFESSIONAL ORIENTATION to Mental Health Counseling

Doane College-Lincoln Burke Brown 303 North 52<sup>nd</sup> Street Lincoln, NE 68504

\* Burke.brown@doane.edu \*402-432-1081 (Cell)

## **Course Description:**

COU 599 develops foundational skills for entry into the professional mental health counseling program. The course is designed for adult learners in which participants are guided to relevant concepts and practical application. Transformational learning ps introduced as learning that induces more far-reaching change in the learner than other kinds of learning, especially learning experiences which shape the learner and produce a significant impact, or paradigm shift, which affects the learner's subsequent experiences (Clark, 1993).

Transformational learning is the foundation on which students will extend their life experiences into a dynamic personal mission statement. In addition, a personal theory of change is explored and developed that will lead to a culminating theoretical orientation with the conferral of the Master of Arts in Counseling degree. Students will continuously reflect on personal growth and professional development as they formulate a culminating personal identity statement and position paper. Students will defend this paper to peers as well as to Doane faculty prior to gaining course credits.

## **Course Objectives**

- Students will clarify, conceptualize, and construct a road map for their experience of becoming a professional mental health counselor.
- Students will develop skills in critical evaluation in self-reflective and peer-review settings.
- Students will gain proficiency and demonstrate in academic and technical tools needed to successfully complete the requirements of the Doane MAC program.
- Students will gain proficiency and demonstrate in written and verbal communication strategies allowing the successful dissemination and defense of professional correspondence and positions.
- Students will understand the pedagogy of transformational learning and will formulate their professional commitment toward ongoing growth and development.

- Students will gain experience in the utilization of PID seminars assisting them in acquiring, internalizing, and solidifying a complex and competent statement of individual professionalism.

Doane College's mission is to provide an exceptional liberal arts education in a creative, inclusive, and collaborative community where faculty and staff work closely with undergraduate and graduate students preparing them for lives rooted in intellectual inquiry, ethical values, and a commitment to engage as leaders and responsible citizens in the world.

### **Course Format:**

COU 599 takes a holistic approach to student learning by immersing applicants in the expectations and requirements for success in the Doane College Master of Arts in Counseling program. Weekly classes on campus, online lessons and critical discussion, and continuous engagement in Doane MAC professional graduate tools will challenge program applicants to connect the academic program of studies with individual interests in becoming effective professional counselors.

The pedagogy in this course is constructed on the principle that successful candidates to the MAC program are drawn to information they see as relevant, i.e., connected to cognitive sets of concepts they use in their lives; acquire new information by adapting and attachment into theses sets; and practical application of the expanded metacognitions. Course structures will concentrate on the concept that successful candidates will be skilled at using technologies for acquiring and understanding rapidly developing science and practice. Finally, COU 599 will continuously challenge participants to reflect and critically review/defend beliefs, ideas, and practices.

## **Course Attendance/Assignments:**

Attendance and timely completion of assignments are critical to course completion and overall professionalism. Overall course grade will be reduced by one full letter grade for each absence. Late work will not be accepted for credit; however, work must still be completed prior to full application into the Doane MAC program.

## **Grading:**

A = 100-95	B-= 81-79
A-= 94-90	C+= 78-76
B+= 89-86	C = 75-72
B = 85-82	C-= 71-69

Students falling below a "B-" will be required to meet with course instructor prior to upcoming class.

## **Academic Integrity Policy:**

All individual student submissions will represent the student's own work. Any use of others' ideas and words without proper citation of sources is plagiarism and will result in penalties to be determined by the instructor and/or dean of the Master of Art in Counseling program.
